TYPE	Glazed Porcelain	APPLICATION	Indoors / Outdoors / Wall / Floor

DESCRIPTION	A glossy wall tile collection in a brick-like 7.5x30cm (3"x12") format. Thanks to its straight edges, it can be laid in staggered conventional style, in aligned rows or in a herringbone pattern. The tiles' surface has a concave appearance, accentuating their reflective capacity. Aris comes in a wide choice of colours (white, beige, grey, green and garnet), strongly evocative of traditional ceramic tiles.
PRODUCT INSTALLATION	It is recommended for the product to be installed by a qualified professional. We do not recommend the use of adhesives based on epoxy resin. Read carefully instructions set by the manufacturer of the adhesive used.
PRODUCT CARE	For initial and daily cleaning the use of a damp cloth and mild soap is recommended. Avoid using abrasive and acidic cleaning products.
NOTE	To achieve the visual aspect of the product and given the artisanal procedure for production and raw materials used, pieces can represent variation in size, texture, design and shade. This is done deliberately to give the product a unique personality and unrepeatable characteristics.
