TYPE	Glaced Porcelain	APPLICATION	Indoors / Outdoors / Wall / Floor
DESCRIPTION	Inspired by the weave of fabrics, Textile features a subtle elegant mesh-like pattern made up of smaller meshes. The version with a white background features different overlapping layers of colour in randomly combined compositions, while the plain-coloured models come in the same background shade as the white version’s overlapping colours, thus creating visual interplay evocative of different superimposed textile weaves.		
PRODUCT INSTALLATION	It is recommended for the product to be installed by a qualified professional. We do not recommend the use of adhesives based on epoxy resin. Read carefully instructions set by the manufacturer of the adhesive used.		
PRODUCT CARE	For initial and daily cleaning the use of a damp cloth and mild soap is recommended. Avoid using abrasive and acidic cleaning products.		
NOTE	To achieve the visual aspect of the product and given the artisanal procedure for production and raw materials used, pieces can represent variation in size, texture, design and shade. This is done deliberately to give the product a unique personality and unrepeatable characteristics.
